

Interested in community-owned energy?

Sutton Community Energy Event Wednesday 13th April (6pm-8pm) at BedZED Pavilion in Hackbridge

Communities across the UK are coming together to take control of local energy production. Community energy schemes that are owned and managed by **local community groups** have taken off in a big way over the last five years. In London, groups such as Brixton Energy Co-operative and Hackney Energy have raised **hundreds of thousands of pounds** to invest in **locally-owned green energy**, generating a range of benefits for their communities.

Come along to this event if you are interested in helping to accelerate the development of **community energy** in Sutton.

Agenda

- 6pm: Drinks and nibbles
- 6.30pm - 7.15pm: Talks from Repowering London, Sutton Council and Bioregional on funding, technology and investment opportunities
- 7.15pm - 8pm: Group discussion on next steps
